

Southern Star Great Danes

PET CONTRACT

The puppy/dog is guaranteed healthy at the time of purchase. The purchaser has 48 hours (excluding weekends) from the time of purchase to have the puppy/dog examined by a veterinarian as to soundness of health. If the veterinarian finds any major health problems, the cause which is clearly attributable to the breeder, the purchaser may bring the puppy/dog back to the breeder, with a letter from the veterinarian explaining the problem he/she found.

The breeder must be contacted within the 48 hour period after purchase as to any problems, and the puppy/dog must be returned within 72 hours of purchase. At this time the breeder will, upon receipt of the puppy/dog and all items given with the puppy/dog (including the AKC papers to be signed back to the breeder) refund to the purchaser the full purchase price of the puppy/dog, by check or cash.

Any veterinarian's diagnosis shall be subject to confirmation by a veterinarian chosen by the breeder. Should said veterinarian not agree with the diagnosis, the matter shall be presented to a third veterinarian mutually agreed upon by the breeder and the purchaser.

The puppy/dog is guaranteed against hip dysplasia until his/her first birthday. If the puppy/dog develops hip dysplasia to the severity that the puppy/dog will be in pain, or unable to function, the puppy/dog will be replaced with a puppy/dog of equal quality. The owner must produce an x-ray of the puppy/dog hips and a letter from the veterinarian describing the severity before the puppy/dog will be replaced. The puppy/dog is not guaranteed to O.F.A.

The puppy/dog will be registered under AKC's non-breedable registration. This means no puppies produced by this puppy/dog can be registered with AKC. The puppy/dog must be spayed/neutered by the age of six months and before a female has her first heat. The breeder has the right to co-own or hold the registration papers until the buyer has sent to the breeder a written receipt from the veterinarian as to the spaying or neutering of the puppy/dog. At that time the breeder will sign over full ownership to the buyer. The owner has the right to bring the puppy/dog back to the breeder for evaluation before he/she is spayed/neutered.

If the puppy/dog has matured into a breedable quality, the spay/neuter agreement, and limited registration will be lifted. A new guarantee for breedable quality stock will be written up for the puppy/dog. The puppy/dog is to be registered using the breeder's kennel name at the beginning of the registered name. On any replacement puppy/dog the breeder has the right to determine if the puppy/dog is to stay with the owners or be returned back to the breeder.

The breeder reserves the right to inquire about and inspect the way the puppy/dog is kept. If the puppy/dog is mistreated (allowed to run loose, left in unsanitary conditions, unhealthy, etc.) the breeder has the right to take the puppy/dog from the owners with no compensation to the owner. The owner will be required to sign the papers over to the breeder.

The breeder is to be notified if the owner moves, or if the owner cannot keep the puppy/dog for any reason. The breeder has first option to take the puppy/dog back from the owner. If the breeder does not want the puppy/dog, the breeder is to be notified as to the new owner's name, address, and phone number. The owner is to have the new owner sign this agreement and mail a copy back to the breeder.

The breeder is not responsible for any veterinarian bills or other bills the owner may incur after purchase of the puppy/dog.

I, the purchaser, have read and understand the terms of this guarantee/agreement. I also understand that if I do not uphold my part of this agreement, the breeder has the right to take the puppy/dog back at no compensation to the purchaser.
